

High Performance Schools Summit

Presented by: USGBC Texas Gulf Coast Region

Thursday, Sept. 28 7:30 am – 1:30 pm

Houston Zoo

Brown Education Center

Please join us to advance High Performance Schools & 21st Century Learning Environments in the greater Houston region.

At this Summit, you will be among local / regional school district leadership, design and engineering professionals, and community members to discuss:

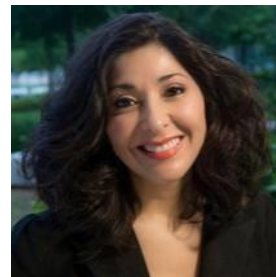

- What are High Performance Schools and how do they support 21st Century learning environments?
- How can we fund, design, build and operate many more of them in our region, so that every student can learn in High Performance Schools?
- How does Resiliency play a part in school design?

Carnegie Vanguard High School, HISD
2009 Bond, Seeking LEED Certification
